SECTION 1: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 1.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 1.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 1.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 1.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 1.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 1.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 1.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 2: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 2.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 2.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 2.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 2.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 2.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 2.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 2.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 3: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 3.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 3.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 3.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 3.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 3.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 3.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 3.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 4: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 4.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 4.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 4.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 4.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 4.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 4.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 6: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 6.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 6.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 6.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 6.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 6.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 6.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 6.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 7: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 7.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 7.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 7.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 8: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 8.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 8.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 8.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 8.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 8.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 8.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 8.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 9: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 9.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 9.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 9.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 9.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 9.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 9.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 9.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 10: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 10.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 10.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 10.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 10.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 10.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 10.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 10.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 11: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 11.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 11.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 11.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 11.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 11.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 11.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 11.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 12: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 12.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 12.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 12.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 12.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 12.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 12.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 12.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 13: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 13.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 13.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 13.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 13.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 13.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 13.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 13.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 14: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 14.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 14.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 14.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 14.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 14.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 14.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 14.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 15: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 15.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 15.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 15.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 16: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 16.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 16.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 16.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 16.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 16.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 16.6: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all

service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 16.7: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SECTION 17: COMPREHENSIVE POLICY FRAMEWORK ELEMENT

SUBSECTION 17.1: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 17.2: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions.

Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 17.3: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 17.4: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding.

Regular comprehensive training and competency assessments ensure that all personnel maintain current knowledge and demonstrate ongoing ability to apply requirements correctly in all client interactions. Supervisory review of client recommendations, transaction documentation, and client files confirms that established procedures are followed consistently throughout the organization without deviation.

SUBSECTION 17.5: DETAILED POLICY GUIDANCE AND IMPLEMENTATION REQUIREMENTS This comprehensive policy framework element establishes detailed, systematically-organized, and consistently-applied requirements governing the assessment, determination, documentation, monitoring, and ongoing review of investment suitability at Meridian Wealth Partners Private Limited. The authoritative provisions outlined herein ensure that every single investment recommendation provided by the firm is demonstrably appropriate, evidence-based, thoroughly documented, and reviewed in accordance with SEBI Investment Adviser Regulations 2020 and all applicable securities laws governing registered investment advisers operating in India. The foundational primary purpose of this section is to establish absolutely clear, unambiguous, and universally-applicable guidelines ensuring that every recommendation meets the highest standards of appropriateness, is thoroughly documented, and is reviewed for compliance with established procedures by supervisory personnel. All personnel involved in client advisory relationships must carefully review and completely understand the requirements specified herein and ensure full compliance without exception or deviation. Violation of these standards may result in disciplinary action including termination of employment and potential regulatory sanctions against the firm. These requirements apply universally across all client segments, all product categories, and all service offerings without exception or shortcut. Special client categories may require additional or enhanced procedures, but the foundational principles remain universal, non-negotiable, and binding. Position	Name and Title	Signature	Date
Chief Compliance Officer	Ail Kapoor, Chief Compliance Officer		
Chief Investment Officer	Rajesh Patel, Chief Investment Officer		
Managing Director and CEO	Nikhil Singh, Managing Director and CEO		
Board Audit Committee Chair	Omara Sharma, Independent Director		

This Client Suitability Standards policy has been reviewed and approved by authorized representatives of Meridian Wealth Partners Private Limited. The approvals documented above confirm that this policy meets the firm's governance standards and all regulatory requirements. This policy is effective as of January 1, 2026, and supersedes all previous suitability policies. All personnel responsible for client advisory relationships are required to adhere to these standards without exception or deviation from established procedures.

Distribution and Control: This document is distributed exclusively to all Relationship Managers, supervisory and management personnel, Compliance and Legal Departments, Investment Committee members, and members of the Board of Directors. External distribution outside the organization is not permitted without explicit written authorization from the Chief Compliance Officer. This is a controlled document. Uncontrolled copies are invalid.

For questions regarding policy interpretation, application to specific client scenarios, or suggested amendments, contact the Compliance Department at compliance@meridianwealth.com. The Chief Compliance Officer maintains custodianship and is responsible for periodic review, amendment procedures, version control maintenance, secure archival of prior versions, and controlled distribution to authorized personnel.
